Job Description

We are looking for a trainee for our Sourcing & Supply Chain team. The mission of this team is to ensure that all our materials are safe and fit for purpose, and all our products are of premium quality for our customers. The trainee is expected to support the team in obtaining ISO 9001 Certificate. Besides, he or she is also encouraged to optimize our current supply chain for better sustainability.

If you have the passion for quality and you want to make a difference, join us as a trainee to help us secure our brands and customers.

Who are we looking for?

You are doing a Masters in Food Quality Management, Supply Chain Management, Food Safety or any related backgrounds. You have knowledge of Quality & Food Safety Management Systems and you are eager to apply your knowledge of ISO 9001 and HACCP in a work environment. You should be fluent in reading & writing in English. Knowledge of another European language, e.g, Dutch, Spanish or French will be a plus.

You must be a registered student during the whole internship period and we are looking for a student who can start as soon as possible.

It would be awesome if you also recognized yourself in the following skills

- You are well organized and results oriented
- You are proactive and strive as a team member
- You have an ability to challenge and come up with solutions
- You are creative and have a keen eye for detail

What's next?

Send your CV and motivation letter to ariel.zhang@bioactor.com. We are looking forward to meeting you soon!
