

Key information

BioActor's commitment is to protect your privacy while using our website. Please advise our Privacy statement to become familiar with the use of your personal data.

General

This Privacy Statement refers to all personal information collected and used by BioActor. In BioActor, we respect your privacy and adhere to the EU-privacy legislation.

Cookies

Cookies will be stored on your computer only with your consent. You can choose whether you accept or reject cookies by clicking the appropriate options.

Cookies are stored by your browser and are small text files. Through cookies, we can recognize you each time you visit our website. BioActor can create a user-friendly environment for you according to your preferences and needs. Automatic acceptance of cookies is set to most browsers.

What kind of information is collected through cookies?

The Internet Protocol (IP) address, the visiting date and time, and the visited website's sections are collected. This is helpful for BioActor to observe the use and convenience of our website for statistics' collection. Moreover, it allows us to send you information about us, our (new) products and services, according to your preferences.

You can select to be notified when you receive/reject cookies. Your consent can be withdrawn every time you visit our website. Be informed that by selecting this, you are not able to take advantage of our website's potential.

Google Analytics

Google Analytics is helping us analyze the views of our website to strengthen our content. Google Analytics does not collect any personal data. [Here](#) you can find further information about the privacy policy of Google Analytics.

Data collection

When do we collect data?

Your personal data (e.g., name, address, email, phone number) is collected only when you submit it, during registration, form completion, order, request, or under other relevant circumstances in which you provide us with your personal data.

Why do we collect data?

Your data will be processed only in order to reach an agreement between you and BioActor, satisfy your requests, comply with all the statutory and legislative requirements, offer optimum service and supply you with information about BioActor and our (new) products or services, according to your preferences.

Linked websites

Please note that this Privacy Statement is not valid for non-BioActor websites that are embedded in our website.

You always have the right to access/correct/object

Anytime you can request to access/correct/object to your personal data. You can use the following [email address](#).

How long do we retain your personal data?

BioActor will not retain your personal data longer than necessary.

How do we secure your personal data?

Our priority is to process your personal data with the ultimate care. The measures we have taken guarantee the protection of your personal information against misuse or loss. Our system is secured in accordance with the relevant security standards.
